EXCELLENCE COMMITMENT INTEGRITY

These are the values that not only crafted the Nuvo Iron™ product line, but helped create the company itself twenty-two years ago. That's when Carlos Pacheco, its founder, decided to create a fencing company that stood for something.

This simple philosophy still guides the company today. It's what spurred them to develop iron fencing products and ornamental accessories that defy the category. Modern and contemporary.

YEAR ROUND PROTECTION

We use **Galvalume™** coating on all our products. Its unique combination of durability, edge protection and resistance to corrosion is at least twice that of galvanized steel. As an added resistance to corrosion, we provide **E-coating** to all our standard fence lines. This process further extends the life of your fence. *Learn more about this process on page 23.*

CRAFTSMANSHIP IN THE SMALLEST DETAILS

At Nuvo Iron™, we are inspired by design. We take pride in our work and each individual piece that is produced. This dedication is what sets us apart from others in the market. Our collections celebrate our work and the trade skills that make each piece elegant, unique and durable.

GIVE PEACE OF MIND A CHANCE

At Nuvo Iron™ we are committed to superior quality and unbeatable durability in any weather condition. This is why we are known to have the strongest and most durable products on the market. Each Nuvo Iron™ fence is made out of cold-formed steel tubing and coated in **Galvalume Coating**, which contains 55% Aluminum-Zinc content and 1.6% silicone content to protect against corrosion*. An additional layer of protection is evenly applied with **Zinc-Phosphate Coating** to help bind the layers together, while an **E-coated** layer is applied to leave an outstanding level of protection from unwanted outdoor elements. Finally, the fence is **Powder Coated** in a resilient polyester powder which seals in long-lasting UV protection.

The final result is an elegant, maintenance-free, quadruple-coated fence, that is sure to withstand the test of time.

*According to Galvalume Website 2017.

*E-coating only available on standard products (6'H or less).

10 YEAR

WARRANTY FOR FENCING

We know our exceptional quality and durability offers a long-lasting product for our customers, and to show our confidence in our product we offer you peace of mind with our 10 Year Warranty.

The superior grade of **Polyester Powder Coating** and **E-coating** used is warranted by Nuvo Iron™ for a period of ten (10) years against corrosion, rusting, tearing, blistering or cracking under normal and proper usage.

There are no other expressed warranties.

This warranty applies only to defects from normal usage and shall not apply if failure is caused by acts of God, or by riots, civil commotion, accident, deliberate, fire, flood, explosion, abnormally harsh environments including, but not limited to natural and/or manufactured chemicals (salt, sodium, sulphur, etc.), or causes beyond their control.

Reimbursements for the costs of removal and/or erection/installation of any defective coated material are not included nor implied and they will

not provide any such service. Warranty is for replacement of coating only. This warranty is not transferable beyond original purchaser and end user. This warranty is deemed null and void if not signed and returned within thirty (30) days of purchase.

Please note - You must have your warranty card signed and returned within thirty (30) days of purchase or it will be deemed as null and void, as well as have your warranty card present at the time of claim.

WHY US?

IT'S IN THE DETAILS

At Nuvo Iron™, we believe that every customer should feel valued. Designed with your needs in mind, our primary goal is to provide hassle-free support throughout all stages of your project. No matter what the issue, we provide the same exceptional customer service you have come to expect.
