Deck & Stair Rail Connectors

SDRC
Deck Rail
Connector for
standard 2x4 rail

SDRC
Stair Rail
Connector for
standard 2x4 rail

SDRC CONNECTORS

- Material is powder coated galvanized steel
- Use 2 - #10 x 2 1/4" long stainless steel screws for initial bracket to rail connection
- Use 4 - #10 x 2 1/4" long stainless steel screws angled for bracket to rail to post connection.

POST & RAILS

- Supplied by others

NOTES:

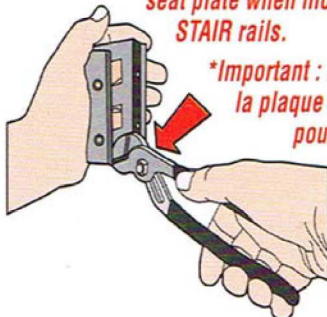

The SDRC connectors meet the load requirements of 4.1.5.14.1.(b) and (c) and table 9.8.8.2 of the 2012 Ontario Building Code when maximum spans between posts are 6 ft (or less when limited by Code requirements in Guideline SB-7. For details of acceptable railing systems under the 2012 Ontario Building Code, refer to the requirements of the Supplementary Guideline SB-7 of the Code).

Installation Instructions

- Fit Connector on end of 2x4 rail and fasten with 2 (#10) 2 1/4" stainless steel screws provided.
- Position bracket attached to 2x4 rail to post and fasten with 4 (#10) 2 1/4" stainless steel screws.
- Use with wood, composite or metal railings.
- Made of galvanized steel, powder coated black.

***Important: Remove bottom seat plate when mounting STAIR rails.**

***Important: Enlevez la plaque d'appui inférieure pour installer les rails des ESCALIERS.**
